To Whom it may Concern

Brendon Fitzgerald Owner and Manager of Fitzgerald Projects has been personally responsible for the recently completed alterations and additions for Gordon Care for Children, 1125 Nepean Highway Highett for which I am responsible Architect.

The work was a difficult logistic exercise because of the need to maintain the operation of the facility while the work was performed.

The Project was completed on time and within the budget - while the quality of the work was excellent.

Brendon has a "hands on" approach to his projects and was very attentive to the special Client needs demanded by the very sensitive nature of the facility.

I have no hesitation in recommending he and his Company, to prospective Clients.
